

**Supplementary File 3 – PE of bed nets.** PE of bed nets in decreasing order, by outcome measured, and bed net definition. \*: indicates significant result. MC: multi-country. †: in multi-country studies the number between brackets indicates the number of countries. ITN: insecticide-treated nets. LLIN: long lasting insecticidal nets. NIBN: non-impregnated bed nets. CCS: case-control survey. CSS: cross-sectional survey.

Outcome	CIMP	Sampling unit	Study design	Country <sup>†</sup>	PE (%) [95%CI]	Reference
Infection	LLIN	Individual	CSS	Benin	64 [41;78]*	Tokponnon 2014 [7]
Infection	LLIN	Individual	CSS	Kenya	48 [26;63]*	Minakawa 2015 [8]
Infection	LLIN	Individual	CSS	Benin	44 [9;64]*	Tokponnon 2014 [7]
